

Senior ESRI Developer

(ArcGIS Server Applications)

An experienced, solutions focused Senior ESRI Developer is needed to join our Wellington GIS Solutions team.

- **Exciting and challenging role**
- **Successful, innovative and progressive environment**
- **Competitive remuneration package.**

Terralink International Limited is a market leader, specialising in innovative technology to deliver land and property information as well as GIS products and solutions. Like you, we're smart, energetic and passionate about what we do.

Our mission is to provide our customers with timely, complete and accurate data, delivered how when and where they want it.

To help us achieve our mission we are looking for a Senior ESRI Developer who will lead Terralink's ArcGIS Server development. This will include all aspects of the solution architecture, application design and development, and supporting and mentoring of other team members. You will also be a key contributor to the strategic direction and growth of Terralink's ArcGIS Server capability.

This is a varied and challenging position, operating in an innovative and progressive environment.

To succeed in this role, you will have:

- Expert knowledge of ArcGIS Server as a solution architect and developer
- 3 – 5 years experience with application development languages such as Microsoft.Net, Silverlight, Javascript, and Adobe Flex
- At least 5 years experience with online software development using ArcGIS Server, ArcObjects, and web methodologies
- Some exposure to developing online applications in the 'cloud' environment
- Proven capability and credibility within the New Zealand ESRI-based GIS market
- Ability to integrate ArcGIS Server with other applications and technologies to deliver robust solutions to our clients

A full job description, application form and details on how to apply can be obtained from our website www.terralink.co.nz/profile/recruitment/.

Here at Terralink we take great care of our staff, offering fully subsidised medical insurance, a staff profit share scheme, and an employee assistance programme.
